

AARON TEAM REPORT

Church Council

9/16/07

The Aaron Team met on Thursday September 13. Present were Ray Broadwell, Bill Easter, Tom Cecich, Anne Lloyd, Kelly Lyn Logue, Jayne Jungen, Hollis Posey, Chuck Reap and Graham Wilson.

After a devotion and prayer, the Team discussed the timeline for Aaron team initiatives.

A church-wide program on Values is tentatively scheduled to begin in January 2008.

This could possibly be launched at the Lay Leadership training scheduled for January, since the goal will be to involve the church leadership in this program.

The purpose of this program is to continue the work to accomplish the goal established by the Unity Team in June 2006: "Begin the process to discern what kind of church God wants White Plains to be (led by outside consultants) – message and method."

The team then had a telephone conference call with consultant Charlie Halley of Cornerstone Consultants.

The Aaron Team is scheduled to hold a "mini-retreat" on Saturday November 17 with Charlie Halley. The purpose of this half-day retreat will be to determine the specific details of the Values program, and recruit church membership to assist in this development and implementation.

Respectfully submitted:

Graham H. Wilson
Chairman
